

ARES SUHENDAR

Product Owner | Lead Product Implementation | SaaS, POS & Logistics

West Jakarta, Indonesia 11560 | 089636713295 | aressuhendar.jr@gmail.com | [LinkedIn](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Product Owner and Lead Product Implementation with 5+ years of experience leading end-to-end software development, system implementation, and product strategy across SaaS, POS/Retail-tech, Logistics, and Enterprise platforms. Proven track record in managing cross-functional teams, translating business goals into actionable product backlogs, and driving software adoption.

CORE SKILLS

Product Management: Product Roadmap, Backlog Grooming, User Story Writing, Sprint Planning, Feature Prioritization, Competitor Analysis, Agile/Scrum

Tools: Linear, Jira, Notion, ClickUp, Figma, Miro, Whimsical, Canva

Technical & Data: SQL, Git/GitHub, System Architecture, MS Office Suite, Visio

PROFESSIONAL EXPERIENCE

Product Owner

Jul 2026 – Present

StarnSparks | West Jakarta

- Own StarnSparks' internal product portfolio, working with founders and stakeholders to scope, prioritize, and structure initiatives from discovery to execution.
- Set up product workspaces in Linear; write project briefs, feature specs, and actionable backlogs for development teams.
- **POS FnB (Sep 2026):** Led the full roadmap for a hybrid dine-in and counter F&B POS, including KDS integration, recipe/COGS tracking, and table management.
- **POS SNS Enterprise (Jul 2026):** Scoped multi-branch enterprise POS architecture and coordinated technical execution with developers.
- **WedPlanner Suite by SNS (Aug 2026):** Designed an end-to-end wedding platform with digital invitations, RSVP tracking, and QR check-in.
- **KODOMO App (Aug 2026):** Built parent-child task gamification workflows for activity tracking and positive habit formation.
- **Google Review Tap NFC & Barcode Card (Aug 2026):** Defined pricing, unit economics, and physical interaction workflows for merchants.
- **Financial Planner App (Jul 2026):** Defined the product concept, user flows, and core requirements for personal finance management.

Product Owner

Nov 2025 – Mar 2026

PT. Trawlbens Teknologi Anak Indonesia | East Jakarta

- Worked with executives to identify strategic goals, operational bottlenecks, and product improvement opportunities.
- Defined and prioritized backlogs aligned with business value; wrote user stories, functional specs, and acceptance criteria; monitored KPIs to recommend data-driven optimizations.
- **SaaS Logistics Platform:** Led feature enhancements for a cloud-based system covering lead generation, manifest, delivery, and billing.
- **Asset Management & HRIS System:** Designed from scratch on a Kanban architecture to automate payroll, asset tracking, and HR workflows.

Product Implementation Lead

Mar 2023 – May 2025

PT. Simplefi Teknologi Indonesia | South Jakarta

- Supervised all active software implementation projects, ensuring on-time delivery and documentation compliance.
- Provided tier-2 technical guidance and issue resolution during critical implementation stages.
- Coordinated Product Managers, Product Ops, and Engineering on client-specific customizations; trained the team on new features to speed up troubleshooting.

System Implementation Specialist

PT. Simplefi Teknologi Indonesia | East Jakarta

- Managed onboarding and retention for 50+ FMCG wholesalers across Jakarta & Banten, sustaining SaaS adoption.
- Trained client operations teams on POS systems and the mobile app; analyzed field usage data and feedback to propose feature improvements.
- Monitored Gross Merchandise Value (GMV) growth across assigned suppliers and resolved system blockers.

May 2021 – Mar 2023

Marketing Business Development

PT. Triasa Adipradana | Central Jakarta

- Conducted market research and competitive analysis to identify new business growth opportunities.
- Centralized sales and customer data to evaluate category performance; ran multi-channel digital campaigns and represented the company at trade shows.
